

Policy of R&C Market Research Company regarding the processing and protection of personal data

1. General Provisions

1.1. This policy was developed on the basis of the Federal Law of July 27, 2006 No. 152-FZ "On the Protection of Personal Data" (hereinafter - the Law on the Protection of Personal Data) and describes the procedures for the processing and protection of personal data obtained using the website <https://euras-forum.com/> (hereinafter referred to as the Website).

2. Operator data

The operator of personal data obtained from the Website is the R&C Market Research Company, location: 197110, St. Petersburg, room 42, 5A Lodeynopolskaya str., ITN 7813262245, KPP 781301001, OGRN 1167847391546 (hereinafter - the Operator)

3. Purposes of processing personal data

The processing of personal data is carried out for the following purposes:

- provision of services to the subject of personal data, information about which is posted on the Website, including for the purpose of registration/accreditation of the subject of personal data as a participant/visitor of the corresponding event of the Operator;
- support of feedback, including informing the subject of personal data about the upcoming events of the Operator;
- administration of the Website

4. List of actions of the Operator with personal data

The operator has the right to carry out the following actions (operations) or a set of actions (operations) with personal data: collection, recording, systematization, accumulation, storage, clarification (update, change), extraction, use, transfer (distribution, provision, access), depersonalization, blocking, deletion, destruction of personal data (hereinafter referred to as processing). The processing of personal data can be carried out using automation tools or without using such tools.

5. Processed personal data

The operator processes only those personal data that are provided by the subject of personal data by filling out an electronic form posted on the Website (hereinafter - the Questionnaire).

The following personal data are subject to processing: surname, name, patronymic, position, contact phone number, e-mail address.

For the purposes of registering the subject of personal data as a participant/visitor of the corresponding event of the Operator, the following personal data may be additionally processed: date of birth, postal address, information about citizenship, data of an identity document, information about education.

Personal data, the provision of which is mandatory for the purpose of receiving the Operator's services by the subject of personal data, are indicated by the sign: *.

Personal data specified in the Questionnaire, but not marked as required, are provided by the subject of personal data at his request. Failure to provide optional personal data does not prevent the receipt of the requested services of the Operator.

If age or other, for example, professional restrictions are set to receive the Operator's services, the processing of personal data of personal data subjects that do not meet the established restrictions is not performed, access to the Operator's services is not provided.

For the purposes of administering the Website, the Operator may additionally process data about the connection to the network (type of operating system, browser, domain of the Internet provider, IP address, etc.) and other system information. This information is processed in a non-personally identifiable format.

The operator has the right to create personal data information systems, while preventing the unification of databases containing personal data, the processing of which is carried out for purposes incompatible with each other.

6. Provision of personal data by the personal data subject

The operator processes only those personal data that are entered by the subject of personal data in the Questionnaire.

The operator proceeds from the fact that the Questionnaire is filled out directly by the subject of personal data or by a person acting in the interests of the subject of personal data (beneficiary) and with the consent of the latter.

The operator does not verify the accuracy of the personal data provided and proceeds from the fact that the data entered in the Questionnaire is reliable.

Personal data is processed by the Operator only if the subject of personal data agrees with this Policy. The subject of personal data agrees with this Policy by putting a mark in the appropriate electronic column of the Questionnaire.

If the subject of personal data disagrees with this Policy, the processing of personal data is not performed, access to the services of the Operator is not provided.

After filling out the Questionnaire, and / or updating his profile information on the website, expressing agreement with this Policy and pressing the electronic button "Send", the subject of personal data confirms that:

- personal data are provided by the personal data subject freely, by his own will and in his interest;
- the provided personal data is reliable;
- the subject of personal data agrees to the processing of the provided personal data by the Operator in accordance with the terms of this Policy.

If the subject of personal data refuses to press the electronic button "Send", the processing of personal data is not performed, access to the Operator's services is not provided.

7. Terms of processing personal data

Personal data is processed by the Operator until the goals of their processing are achieved, but not less:

- for the purpose of providing services to subjects of personal data - during the limitation period for claims arising from relations related to the provision of services;
- for other purposes of personal data processing - within 5 years.

The operator takes measures to destroy or depersonalize personal data upon achievement of the processing goals or in case of loss of the need to achieve these goals, and also takes measures to remove or clarify incomplete or inaccurate data.

8. Protection of personal data

The operator ensures that the necessary and sufficient legal, organizational and technical measures are taken to protect personal data from unauthorized or accidental access to them, destruction, modification, blocking, copying, provision, dissemination of personal data, as well as from other illegal actions in relation to personal data, in including through:

- acceptance of local documents regarding the processing of personal data;
- ensuring the safety of personal data carriers;
- using other means of information protection when the use of such means is necessary to neutralize actual threats.

The composition and content of measures to protect personal data are determined by the Operator independently.

9. Use of personal data

The operator processes personal data for the purposes specified in this Policy.

The operator has the right to transfer personal data to third parties involved by the Operator to provide services for the provision of which the subject of personal data applies, within the limits necessary for the provision of services.

The Operator has the right to provide access to personal data to persons involved by the Operator to ensure the functioning of the Website, as well as the personal data information system, within the limits necessary to achieve these goals.

In the cases and limits established by the current legislation, personal data can be transferred to judicial, law enforcement, controlling and supervisory bodies, authorities and administrations of all levels, organizations involved in the provision of state and municipal services, respectively, to other authorized users on the basis of legal requirements presented by them, as well as in order to protect the legal rights and interests of the Operator in the ways established by the current legislation.

Personal data is stored on the territory of the Russian Federation.

10. Refusal to process personal data

The subject of personal data has the right to demand that the Operator clarify his personal data, block or destroy them if the personal data is incomplete, outdated, and inaccurate, illegally obtained or is not necessary for the stated purpose of processing.

The requirement of the subject of personal data to provide, correct, block, delete personal data is presented to the Operator by sending a written request to the address specified in paragraph 2 of this Policy.

After the deletion of personal data, the subject of personal data will not be able to use the services of the Operator, information about which is posted on the Website, in whole or in part.

11. Changes to the Policy

The operator has the right to periodically amend this Policy unilaterally.
